# THE ANAL "KICK"

The anus has a lot of highly sensitive nerve endings which makes it an intense erogenous zone for both genders.

For men the stimulation of the prostate will lead to ecstatic pleasures while women enjoy the intimacy as well as the sensuous role plays.

## PLEASE NOTE:

Only toys that have a broad base or an extension for clitoral stimulation can be used safely for anal play. Classical, cylindric toys bear the danger of getting sucked in as they are lacking a stop. The same is true for **FUN FACTORY's BULLET** that comes with a couple of toys and can easily be removed from the silicone sheath. It can be used separately for external massages but should never be inserted into the body.

## BUTT PLUGS

### PASSIVE

Guess who is wearing **BOOTIE** in this picture! **FUN FACTORY** butt plugs are comfy to sit on and wear on the go!

...so comfy in fact, you can wear a passive one while riding your high-wheel bike around town.

Plugs are also fun to wear during sex. **B BALLS** is the only butt plug that reacts to the motions of two people making love... How? It contains little weights that rotate with the movement of the user's body.

...they also provide a wonderful feeling of fullness.

## ANAL BEADS

BENDYBEADS

**TIP:** Use anal beads while masturbating. Start slowly pulling some beads out as you approach your climax. Right before climaxing, quickly withdraw the last few beads. People have reported experiencing mind-blowing orgasms using this technique.

# ANAL BEADS

Anal beads are a perfect way for couples to tease each other and surrender control.

To add some vibration to your beads, you can slip a **BULLET\*** through the handle of the **BENDYBEADS**.

*\* Use **BULLET** only externally!*

FLEXI FELIX

## PEGGING USING A HARNESS

"I asked my wife to try anal sex. She said, 'Sure. You first.'"  
– Robert Schimmel, *American stand-up comedian*

All **FUN FACTORY** dildos can be worn in a harness thanks to their flat base.

"Pegging is the term for when women use dildos and strap-on harnesses with male or female partners."

– Charlie Glickman, Phd  
[www.charlieglickman.com](http://www.charlieglickman.com)

## PEGGING USING A HARNESS

"Pegging is an amazing way to expand your sexual repertoire, giving him the chance to experience the pleasures of penetration and her the opportunity to give him intense pleasure."

– Chris Maxwell Rose, Sex educator  
[www.PleasureMechanics.com](http://www.PleasureMechanics.com), check out also  
for educational videos on pegging.

**FUN FACTORY** dildos can also be used outside of a harness.  
With their seamless suction cup, they stick to any flat surface.

Massage your lover's prostate using one finger. Create a little hook with your index and gently stroke on and around the "hard bump".

You can also use two fingers along the sides of your lover's prostate.

## GLOSSARY

**STUB = DILDO ≠ VIBRATOR**

**VIBRATOR = DILDO + MOTOR**

**PULSATOR = THRUSTING VIBRATOR**

**STUBS:** This is **FUN FACTORY**'s loving name for their Dildos. Unlike vibrators **STUBS** do not have a motor, but are solely made of medical grade silicone. All **STUBS** with a broad base can safely be used for anal pleasures. Some of them can even be worn invisible underneath clothes as the base is adapted to disappear between the butt cheeks.

**ANAL BEADS:** Like beads on a string this anal toy with pearls in increasing sizes brings pleasure bit by bit.

**BULLET:** Powerful vibration unit, rechargeable with a total of 5 vibration modes. Can be placed inside the silicone sheath of certain toys, but also used on its own for external massages.

**B BALLS:** The only **AnalTOY** that reacts to every movement of its wearer. Small rotating weights inside the toy bring gentle to intense sensations - without the need of a motor. B stands for butt.

**PEGGING:** Exciting role play in which the woman uses a toy to penetrate her partner anally or vaginally – usually by wearing a harness. **SHAREs** are inserted vaginally and held by the pelvic muscles of the active woman, allowing pegging without strap-on. The toy pleases the passive and active part at the same time.

**PULSATOR:** The only toy on the market that imitates the thrusting movements of the natural act. **STRONIC ZWEI** and **STRONIC DREI** are anal safe.

**RABBIT VIBES:** Vibrators with an extension at the end of the silicone sheath for pleasuring clitoris or perineum. Only this kind of toy can safely be used for anal pleasures.
